# PALMETTO CONTROLS, INC.

Since 1985, representatives from Palmetto Controls, Inc., along with our sister company, Control Management, Inc. have been keeping buildings in the Carolinas comfortable, safe, secure, and energy efficient. We have a proven history of designing, installing, and maintaining building automation and control systems that work for our customers.

## Systems Integration

Incorporated in 2014 as a systems integrator using products from Trend, Novar, and Siemens Talon we are uniquely qualified to provide the most advanced building solutions available. We utilize a "best of breed" approach to apply the right products for your exact need.

## Total Building Solutions

Total Building Solutions create added value in the building – thanks to greater comfort and convenience, safety, security and energy efficiency. We can provide Total Building Solutions by using products with open protocols to integrate to other building systems such as:

- HVAC Systems (chillers, boilers, air handling units, etc.)
- Other Building Automation Systems
- Fire & Life Safety
- Lighting Control
- Card Access and Security
- Industrial Automation

Some of the key applications that our systems offer include:

- Energy Management
- Centralized, Local & Remote Site Access
- Open Systems (BACnet, Modbus, Niagara AX, HAYSTACK)
- Remote Notification
- IAQ: Indoor Air Quality Control
- Smoke Control
- Green and Energy Dashboards
- Cooling Plant Optimization, including Ice Storage

## Complete Service Support

Keeping your facility safe and its many operations performing at their best requires your systems infrastructure to be serviced and maintained quickly and by experts. With 4 offices across the state, we are uniquely positioned to provide quick on-site and remote services including:

- 24 hour emergency assistance
- Immediate parts availability
- Training onsite or at our Training Center
- Test, inspection, and preventative maintenance

## Systems Designed for YOUR Facility

Palmetto Controls, Inc. has extensive experience in providing customized solutions for large and small facility environments.

Combining comprehensive service offerings and a broad family of building automation systems, Palmetto Controls, Inc. is your single source for building management needs.

Ask us anytime for local references for your facility type.
